

Interested in Playing College Basketball?

Looking to get added exposure without going all over the country?

Then you need to look into the 4 States Sports Basketball Combines!

*Open to all male & female basketball players,
classes 2013-2019*

Athletes will be tested in:

10-yard Dash

20-yard Dash

Agility Lane Drill

Power Ball Throw

Vertical Jump

Standing Broad Jump

After the testing is completed, players will then run drills based on position, and compete in 4-on-4 half court competitions.

MVP awards are given out for fastest player and highest jumper. The biggest award at each combine is the Overall MVP which is for the best overall player in the Combine, voted on by the college coaches in attendance. 4 States Sports also uses fully-electronic timing systems and film each athlete going through every test, drill and competition. We invite every college coach in America, and make the film available to the coaches that can't attend.
